

# RM10

## N95 NIOSH Particulate Respirators

Part	Description	Size
RM10	N95 cone respirator	One size M/L

- 95% efficient respiratory protection in non-oil areas.
- Maintenance-free construction.

A: Inside filter for lower breathing resistance.

B: Latex-free ultrasonic welded head-straps for secure seal.

C: Adjustable aluminum nose clip with foam strip to reduce the potential for eyewear fogging.

### Packaging:

Box: 20 pcs

Case: 12 boxes

### Standard:

This product has been tested and meets the NIOSH standard of N95. The main performance tests in this standard are: filter penetration & breathing resistance

### Markings:

RM10  
TC-84A-5411  
NIOSH N95

### Usage:

#### Use Against:

NIOSH approved for protection against particulate aerosols free of oils. Pyramex recommends this respirator for use against particulates containing materials such as flour, iron ore, coal and minerals.

#### Do Not Use Against:

- Vapors, paint spray, oil-based aerosols, asbestos and sand blasting.
- Any contaminant whose concentration is unknown, or immediately dangerous to life.
- Concentrations of dust and mists which exceed the maximum use of concentration or 10 times contaminant's permissible exposure limit established by OSHA.
