HARDCAP A1+™ MICRO BRIM BASEBALL STYLE BUMP CAP WITH HDPE PROTECTIVE LINER

- Ultra sleek design means the HardCap A1+™ is almost indistinguishable from a low-profile baseball cap
- The protective HDPE liner is removable, so the outer cap is fully washable with a plastic brim
- Unique size adjuster slides on an elastic strip to give a quick, secure fit. Angled downward to fit under nape of neck
- Terry cloth sweatband adds comfort and absorption for the wearer
- Reflective piping adds extra visibility and therefore safety in all working environments
- Holes in the liner match up with two mesh panels on the cap to provide added ventilation for coolness and comfort

APPLICATIONS

Designed as a safeguard against accidental bumping or scraping of the head. Ideal in areas where hard hats are not required. Bump caps are NOT designed for use in ANSI designated hard hat areas.

CARE INSTRUCTIONS

The liner may be cleaned with soap and warm water and dried with a soft cloth. Chemical or abrasive cleaners should NOT be used. The standard cover can be brushed clean and is hand washable. Should be stored out of direct sunlight, away from chemicals and not exposed to extremes of temperature.
